1/2 Hp Motor

ORDERING INFORMATION

Part #	Description
42801	White
42802	Ivory

Wall Plate Included

WARRANTY

3 Year Limited Warranty

OVERVIEW

The MarkTime® 42801 and 42802 Electronic countdown time switches, similar to the The MarkTime® 42803 and 42804 models, provide quiet, convenient timed control of lighting and motor loads.

APPLICATIONS

These electronic countdown time switches are an easy upgrade from any single pole wall switch. They add convenience and reduce energy costs in homes, offices, schools, hotel rooms and other light commercial applications. It's perfect for automatic shut-off control of A/C units, heaters, lamps, small appliances, lighting control and ventilation in high humidity areas such as: bath fans or whole house fans.

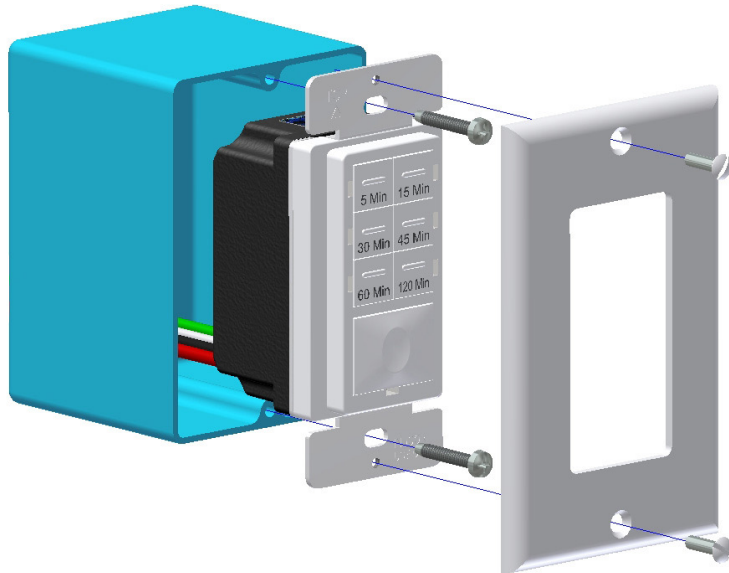

FEATURES & BENEFITS

- Timer settings at a glance with single button time control. Pre-set time delays of 5, 15, 30, 45, 60 and 120 minutes allow for quick, simple operation.
- Manual pushbutton override provides manual ON/OFF switching at any time for added convenience.
- Memory functionality: Press the ON/OFF button to operate previously selected time delay.
- LED lights indicate proper function and add to ease of operation by clearly showing your current selection.
- Hold feature allows user to override automatic shut-off function for added versatility.
- Fits standard wall box and replaces a single-pole wall switch for fast, easy installation.
- Slim design blends in with wall plate for a discreet appearance.
- SPST (Not intended for 3-Way switching)
